Struthers Parkinson's Care Network

Struthers Parkinson's Center wants to prepare your organization to provide quality care for individuals with Parkinson's disease. Through the Struthers Parkinson's Care Network (SPCN) their training is designed to prepare organizations to meet the growing requests from patients, families and organizations serving the Parkinson's community. The SPCN is comprised of senior residential communities and homecare agencies that have made a commitment to improve care and provide support to people living with PD.

Goals of the SPCN are to:

- ❖ Develop an ongoing program of training, education, and care guidelines for professionals and all staff who provide services to persons with Parkinson's disease and their families
- ❖ Build sustainable, collaborative relationships with high quality organizations that are committed to maintaining identified standards of Parkinson's education for all staff
- ❖ Work with facilities to document the impact of program on staff, patient and caregiver satisfaction
- ❖ Increase awareness of SPC resources in program development and ongoing support
- ❖ Share outcomes and provide recognition to facilities that have made a commitment to improve care for clients living with Parkinson's disease and related movement disorders

Currently, there are 4 locations in Sioux Falls (Dow Rummel Village, Touchmark At All Saints, The Inn on Westport, and Active Generations), 1 in Viborg (Pioneer Memorial Hospital), and 1 in Luverne, MN (Good Samaritan Society) that are all members of the SPCN and we anticipate additional locations following another training opportunity in November 2018. To learn more about annual SPCN membership benefits please contact the SD Parkinson Foundation at 605.271.6113.
